SUBJECT: B15-12, Fog Seal, Emulsified Gilsonite Sealer/Rejuvenates and Rejuvenates for Asphalt Pavement

Transmitted for your review and recommendation, are the two (2) bids received from Vance Brothers, Inc. to consider a contract for complete furnish and application of sealers, rejuvenates, and reclamite for asphalt pavements. Of the two specialized contractors who operate in Northern Colorado, offering these services, one (1) has a schedule conflict over the July and August months and was not able to bid.

When you have completed your review of the bids, please prepare your recommendation on this form and return the form to me. If you do not recommend awarding the bid to the lowest bidder, please explain why. This document will be considered a public record and open to inspection.

I recommend Vance Brothers in the amount of $ $453,048.15 (Pending Negotiations)

for the following reasons: Vance Brothers was the only bidder. Larimer County has choosen to select the bid including CRS-2P. The fog seal will be placed on top of a CRS-2P emulsified asphalt purchased under Bid # B15-11. Larimer County believes it in their best interest to have consistent materials for the chip seal emulsion and the fogseal. Vance Bros. provided a price for both CRS-2P and CRS-2R.Cost difference is minimal (+0.8%) and the benefits outweigh the cost.
