

LARIMER COUNTY PROPOSAL #13-16
RISK MANAGEMENT INFORMATION SYSTEM SOFTWARE
RISK DEPARTMENT
DECEMBER 16, 2013, 2:00 P.M.

Proposals to consider the purchase of risk management information system software for the Larimer County Risk Department were accepted on Monday, December 16, 2013 at 2:00 p.m. in the Purchasing Department. Proposals were accepted by Heather MacMillan, Purchasing Agent I and recorded by Les Brown, Purchasing Agent I (TEMP). The following proposals were received:

VENDOR

APP Technologies LLC
Recordables
INFORM Applications, Inc.
Origami Risk LLC
Riskconnect, Inc.
DAVID Corporation
Ebix, Inc.
CS Stars
JDI Data Corporation

No decision of award was made pending review and recommendation by the Larimer County Risk Department.

The Larimer County Risk Department reviewed the proposals and recommends accepting the proposal from Origami Risk, LLC per the attached departmental recommendation.

The Larimer County Purchasing Department concurs with the above recommendations.

Kathryn Rowe
Purchasing Director

Carol L. Block, Financial Services Director
For the Board of Larimer County Commissioners

TO: Jeff Green, Risk Manager
FROM: Heather MacMillan, Purchasing Agent I
DATE: 12/16/13
SUBJECT: P13-16, Risk Management Information System Software

Transmitted for your review and recommendation, are the proposals received to consider the purchase of a new Risk Management Software System. Please fill in this form and return it to me via interoffice mail or fax.

The following criteria must be used to evaluate the proposals:

1. Cost
2. System Capabilities
3. User Interface

This document will be considered a public record and open to inspection. The individual committee score sheets, comment sheets and other evaluation notes are DELIBERATIVE PROCESS records and not public records. Please keep these documents in your files.

The Evaluation Committee shortlisted the two highest-scored vendors; Origami Risk, and APP Technologies, and performed in-person interviews and software demonstrations with each.

Explain why you want to award the work to a particular vendor and the dollar amount of the award: The

Evaluation Committee unanimously selects Origami Risk as the award vendor in the amount of \$52,625.00
(pending negotiations) for the first year.

With Origami Risk, reports can be scheduled to automatically run at a specific time and be emailed out with no additional programming required. Origami Risk's system is fully cloud-based, and does not require any third party applications be downloaded to utilize the software on other devices (i.e. Android, iPhone, iPad, etc). With Origami Risk, our Third Party Administrator download will be automatic and can be performed an unlimited number of times monthly and at no extra charge. With Origami Risk, all Worker's Compensation forms and correspondence are in the system and updated automatically, whereas the other shortlisted vendor requires users to manually locate the forms at www.wcc.com. In the Evaluation Committee's opinion, Origami Risk's software is a more comprehensive risk management system, including modules such as Insurance Policy

History, Certificate of Insurance, and Property Values, as examples, while APP Technology's system appears to be primarily a claims system.
