

# \*\*\* RFP #P15-27 has been Shut Down \*\*\*

1/19/16

Regarding: Larimer County Proposal #P15-27 Body Scanner

Larimer County received the following three (3) proposals:

OD Security North America

ADANI Systems Inc. "Compass SV - Single View"

ADANI Systems Inc. "Compass DV - Dual View"

The Evaluation Committee individually scored all proposals and below is the resulting Scoring Matrix:

COMPANY: EVALUATOR	ADANI Systems Inc. "Compass DV - Dual View"	ADANI Systems Inc. "Compass SV - Single View"	OD Security North America
#1	4.30	4.50	4.40
#2	3.80	4.00	3.80
#3	5.00	4.60	4.60
<b>TOTALS</b>	<b>13.10</b>	<b>13.10</b>	<b>12.80</b>

The Evaluation Committee meet and discussed the results. During the meeting the team unanimously decided that the ADANI Systems Inc. "Compass DV - Dual View" would be the most advantageous to Larimer County and decided to visit the closest jail which currently uses the Compass DV - Dual View; Douglas County Jail in Castle Rock, CO. The Evaluation Committee traveled to the Douglas County Jail and met with the key personal that operate, maintain, and use the Compass DV - Dual View. During this visit the team was able to extensively use the machine and scan the willing members of the Evaluation Committee. The on-site operators showed the team how to operate the body scanner and how to read/view/interpret the resulting images.

After returning from the Douglas County Jail the Evaluation Committee met with Jail management and discussed what they learned from the visit. After speaking with management; the Evaluation Committee unanimously decided that the original criteria set forth in the specification on page three (3) of the RFP does not meet the needs/expectation of Jail management; Jail management intends to use a body scanner to eliminate the need for manual body searches prior to inmates entering the general population. The Larimer County Sheriff's Office has decided to **SHUT DOWN with no award** P15-27, referenced above. The Larimer County Sheriff's Office is working to make changes to the original specifications and the Larimer County Purchasing Department will generate a new solicitation once those updated specifications are available.
