

## LARIMER COUNTY REQUEST FOR QUALIFICATIONS

Request for General Contractor Pre-Qualification Applications for Project #9339 – Fish Creek Corridor Utility Repairs/Reconstruction Project

Engineering Department  
August 21st, 2014 2:00 P.M.

Applications were received at 2:00 p.m. on Thursday, August 21<sup>st</sup> 2014, to establish a list of acceptable contractors, to bid on construction project #9339, for the Larimer County Engineering Department.

Applications were accepted by Kathryn Rowe, Purchasing Director and recorded by Les Brown, Purchasing Agent I. The following applications were received:

<b>VENDOR</b>	<b>5 Copies</b>
GLH Construction Inc	N (1)
American West Construction LLC	Y
Gerrard Excavating Inc	Y
Layne Heavy Civil Inc.	Y
Osmun Inc.	N (1)
Connell Resources	N (1)
Iron Woman Construction	Y
BT Construction Inc.	Y
K.R. Swerdfeger Construction Inc	Y
Garney Companies, Inc.	Y
Hamon Constructors Inc.	Y
Western Summit Constructors Inc	Y

Twelve pre-qualification applications were received. Three (3) of the applications were deemed non-responsive by the Purchasing Department because they only submitted one copy of their application. Page four (4) of the request for general contractor pre-qualification applications states “Failure to submit the required number of copies will result in the General Contractor being deemed non-responsive.” The three applications that were deemed non-responsive were not given to the Pre-qualification Committee to consider.

Five applications met the score cutoff, these are listed below. Prequalified contractors will be given an opportunity to review the 30% and 90% design documents during the design development to familiarize themselves with the project requirements and provide input to the design development to improve the constructability of the project.

<b>VENDOR</b>
