

Devil's Backbone Open Space

Management Plan Update

Larimer County Department of Natural Resources invites you to a public meeting to provide feedback about a new trail and trailhead expansion proposed at Devil's Backbone Open Space.

Wednesday, July 30, 2014
Larimer County Natural Resources Administrative Office
1800 South County Road 31
Loveland, Colorado
6:00 – 7:30 p.m.

More than 100,000 visitors will recreate at Devil's Backbone in 2014, far surpassing original visitation estimates in 1999. Management changes are needed to meet growing recreation demand. Your input is requested to ensure Devil's Backbone Open Space balances new recreation with the protection of natural and cultural resources.

Please contact me with any questions or concerns and I hope to see you at the public meeting.
