*After ordering your pizza, please come and
join us.

The floods in September 2013 were devastating for many Larimer County residents. In keeping with our mission to support communities in rebuilding and recovery, we believe that having community-based events within local communities is the best way to support neighbors helping neighbors. You are invited to an informal drop in dinner. We will be available to provide emotional support and rebuilding resources as well as information on preparedness. We hope to see you there!!
