

Noxious Weed Workshop

Presented by the Big Thompson Conservation District

Wednesday, September 10, 2014 at 11:30 am

Come join us in West Berthoud for:

- Practical weed management information
- On-site noxious weed identification and elimination techniques
- A presentation on chemical and alternative treatments
- Native grass seeds for you to plant this fall and next spring
- Colorado Weed Management Association indexed noxious weed books to take home
- A delicious Serious Texas BBQ lunch and beverages

Please bring gloves and shovels if you have them (some will be provided by the Conservation District)

RSVP for location and BBQ reservation
Jenny@twrc.org or (303)532-7922
